Each moment of the year
has its own beauty,
a picture which was never seen before
and which shall never be seen again.
Ralph Waldo Emerson

Nothing should be prized more highly
than the value of each day.
Johann Wolfgang Von Goethe

Yesterday Is
Only A Dream
And Tomorrow Is
Only A Vision
But Today,
Well-Lived ...

Makes Every Yesterday
A Dream Of Happiness,
And Every Tomorrow
A Vision Of Hope

From The Sanskrit

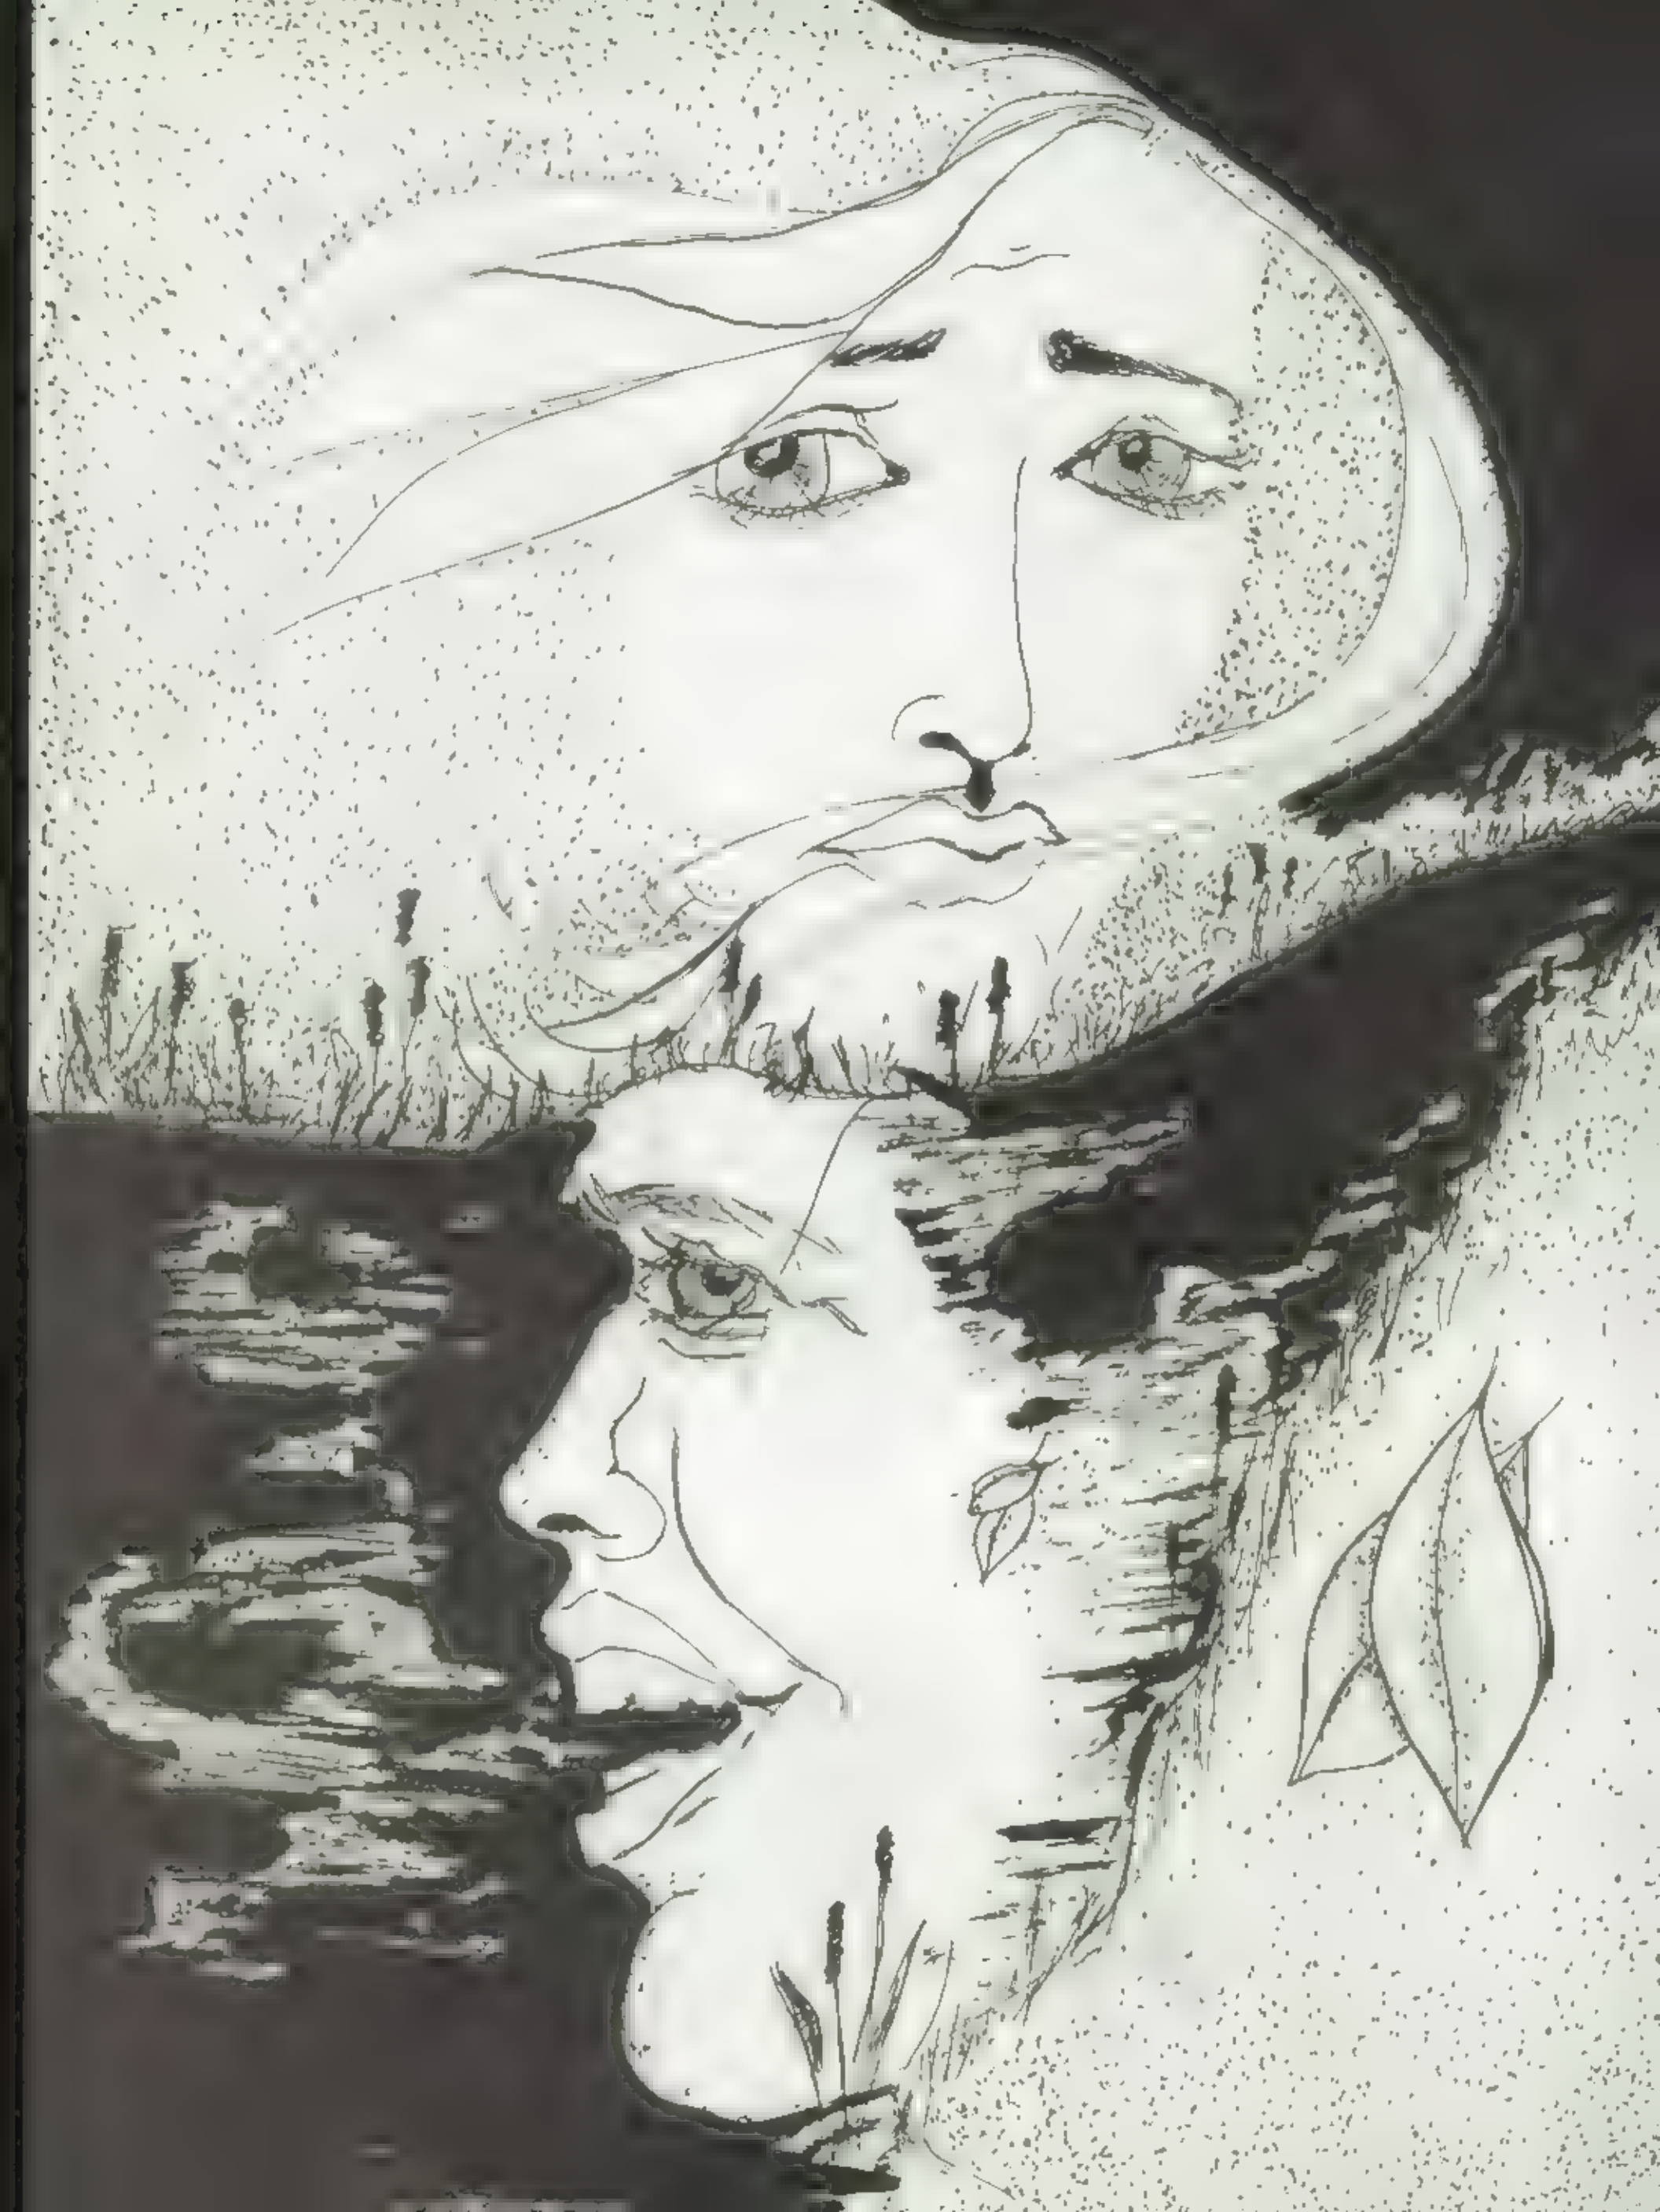

I never realized until now I, or any of us for that matter, made it up so early every morning I think it was lunch time before half of us realized where we were. dreams of seeing the night before, or just not being here the night before, elicited our intense want for learning (who am I kidding?) Anyway, there we were, all fourteen odd hundred of us wondering just where this place was going to take us, if anywhere. College? me? Are you kidding? maybe if I just go back down to the cunge, the time to decide will never come and I won't have to worry about it ever never? I also thought I would never graduate and here I am, only a few assorted senior obligations away from being

to graduate

it may not look like it but we're heading out to take over the world.

tiny forlorn leaf,
you descend upon the frigid water
slowly drifting upon the shoals
to a destination unknown.

Along your wary journey
you tangle with jagged edges
ripping and tearing at your seams.
released, you retreat to stiller waters.

Though your journey is hard and long
and the waters may not always be calm,
you continue your trip
blind to what the unknown waters bring.
Barb Vachon

In groups so large and varied as those that pass through McDowell there are many different beliefs on how this world will end.

The one thing that we must all agree on is that no matter what may lie beyond... the present and near future is in our hands. We as the coming "adults" and working people have the whole world in front of us and we can make it ours. We must be the ones to stop the world from being crushed by careless hands and hard hearts. The world is truly in our hands. —

let us be good to it....

today. .

Some of us are happy to be leaving.
Others know there will be an empty space
somewhere deep inside. No matter how you
feel about it you must know the great
importance of these last twelve years. An
importance beyond that of learning - one
that reaches into our ability to relate. From
day one we are taught the tolerance of others
and the acceptance of a foreign viewpoint. It
is our duty to mold all that non-knowledge
we learn into a future as brilliant as any
could possibly be. Our lives are in our
hands to be shaped into perfection, self
judged and proclaimed.

Goodbye McDowell.

It was nice...
I think

WE MAY NEVER PASS THIS WAY AGAIN

Life - so they say
Is but a game and they let it slip away
Love - like the autumn sun
Should be dying but it's only just begun
Like the twilight in the road up ahead
They don't see just where we're going
And all the secrets in the universe
Whisper in our ears and all the years will come and go
And take us up a ways up

We may never pass this way again -
Dreams - so they say
Are for the fools and they let them drift away
Peace - like the sweet dove
Should be flying but it's only just begun
Like the sun in the golden days
We must gather all our courage
Set our ship out in the open sea
Cast away our fears and all the years will come and go
And take us up a ways up

We may never pass this way again -
So I wanna laugh while the laughing is easy
I wanna cry if it makes it worthwhile
I may never pass this way again
That's why I want it with you
Cause you make me feel like I'm more than a friend
Like in the journey and you're the journey's end
I may never pass this way again
That's why I want it with you baby
We may never pass this way again
We may never pass this way again

To Mr. Danell H. S. Senior Class

Here's hoping your future efforts
will help bring about
world unity!

Seals And Crofts

The 1976-77 Kaldron editors and staff would like to express their sincere appreciation to Jim Seals and Dash Crofts for the thoughtfulness they extended to the graduating Class of 1977.

Kaldron Salutes Miss Margaret Johnson

We, the 1976-77 Kaldron Staff, are honored to dedicate this year's McDowell yearbook to Miss Margaret Johnson.

The job of a teacher is very demanding, yet the entire field of education is different and more meaningful than other professions. It takes a special type of person to be able to teach students about new experiences they have never before encountered. Miss Margaret Johnson is one of these special people.

Having received her degrees from Allegheny College and the University of Pittsburgh, Miss Johnson is certified in English, Mathematics, French, and Spanish. At the end of this school year, she will have completed thirty-five years of teaching in the Millcreek School District.

On behalf of the 1977 graduating class, we, the Kaldron Staff, would like to wish her the best of everything, and thank Miss Johnson for her sense of humor, her interest in the students, and her many contributions to McDowell High School.

For you are not just a human being.

Every day of your life

should be a day of progress.

Effort you are making to bring the world

to abolishing ignorance:

to having the child a play master.

to having your hopes, ideals, and dreams

thrown up

in the name of progress;

to having a new form of education;

of education;

turning out millions upon millions of

people who are not

capable of doing anything

for the world.

McDowell Students Welcome New Principal Mr. Paul C. Englert

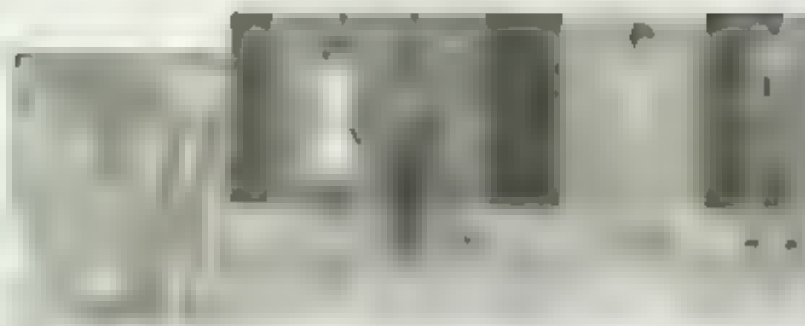

The Class of "77" will always be special to me for two reasons. First, I have been privileged to work with many of you during your years at Westlake, Millcreek Intermediate High School, and McDowell. Secondly, you are the first graduating class since my appointment to the Principalship of McDowell High School.

Over the years our experiences have been many and varied. I have witnessed growth and maturity as you have progressed through the years of your secondary education. Now you are young men and women preparing to take your place in society. Hard work, dedication, and empathy for others will lead to many rewarding and beneficial experiences.

As you depart from McDowell High School we wish you the best of luck and a life filled with happiness and success.

Paul C. Englert
Principal

Assistant Principals

MR. EMMONS has been at McDowell High School for over twenty years. He started out as a guidance counselor, and later became an assistant principal. We would like to thank him for the long hours he has put in to serve the students at McDowell High School

MR. FRATUS is serving his first year at McDowell. He was known by former Westlake students as an assistant principal at Millicreek Intermediate High School for two years. Now he is an assistant principal here at McDowell. We would like to wish him good luck in his career

Millcreek Welcomes New Superintendent

Dr. Larry Sayre

The Kaldron Staff, on behalf of all McDowell students would like to welcome Dr. Larry A. Sayre as the new Superintendent of the Millcreek School District. Dr. Sayre is 34, married and the father of two children. He earned his B.A. from Bethany College, and his Masters and Doctorate degrees from the University of West Virginia. He has been a resident of Millcreek as of March 1976, while he was working closely with retired Superintendent, Dr. John S. Sandel.

Dr. Sayre has had experience in many administrative posts prior to his present position. In 1968, he was Social Studies Coordinator for the North Central West Virginia Learning Resources Center. He became an Assistant Superintendent for Instruction in the Uniontown School District, and in 1973 he was elected Superintendent of that same school district.

Some of the accomplishments Dr. Sayre achieved in his previous position in Uniontown were: standardization of the curriculum for the entire school district; development of a district rating system for teachers, non-instructional personnel and administration; a desegregation plan established that resulted in the minimal amount of protest.

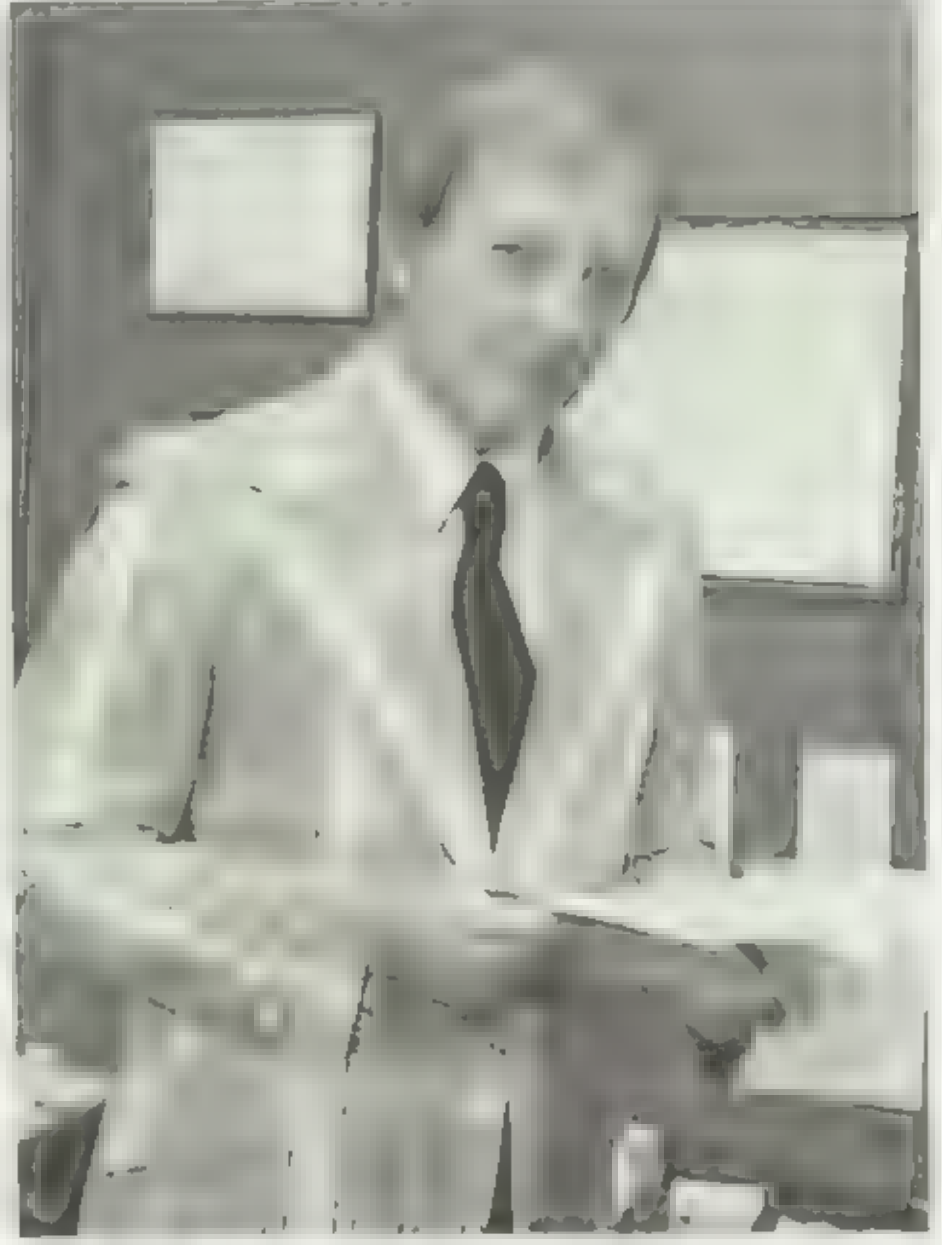

Dr. Sayre has stated that he is impressed by the staff members and the excellent facilities in the Millcreek School District, and he is proud to be able to become a part of it.

"I'm a great believer in having the community involved, and I plan to try to involve as many citizens as possible in our school district."

Assistant Superintendents

Manhood

A man's usefulness depends upon
his living up to his ideals
insofar as he can.

It is hard to fail but it is worse
never to have tried to succeed.

All daring and courage, all iron
and endurance of his misfortune
make for a finer, nobler type
of manhood.

Only those are fit to live who
do not fear to die and none
are fit to die who have
shrunk from the joy of life
and the duty of life.

Mc Dowell Welcomes Noriko And Fuasto.

This year's foreign exchange students were Noriko Watanabe and Fuasto Pasmio, from Japan and Ecuador. They've spent this year in a new and different environment, coping with a strange language, a new school, and new friends. The Kaldron Staff hopes that their year at McDowell was an enjoyable one, and that they can return to their respective countries with many happy memories

Keystone State Representatives

Vicky Perkins and Betsy Gribble represented McDowell at Keystone State during the summer of 1976. The American Legion Auxiliary sponsors this event as a public service. Vicky and Betsy participated in governing affairs of a mythical state, and also learned closely the duties and rights of an American citizen. In providing Keystone State the American Legion Auxiliary hopes to instill a better understanding of the responsibilities and privileges of living in a democracy.

The Mighty Trojan Marching Band

The Mighty Trojan Marching Band consists of 200 instrument players, members of the Majorette and Trojanette squads, the Line and Color Guard, and the Flag Corps. Numerous hours of long, hard, summer and fall practices have gone into producing one of the best half-time shows in the Tri-State area.

The talented and well-known Drum Major, Doug Miller has led this band to many victories. In 1976 the band received 1st Place Honors in the Edinboro State Competition of Bands. In June of 1976 The Mighty Trojan Marching Band was selected to compete in the National Bands of America Competition in Whitewater, Wisconsin.

The Kaldron Editors and Staff proudly salute our fellow students along with Mr. Johns, Mr. Tractman, Mr. Smith, and Mrs. Thomas for the pride they've restored to McDowell. They have displayed creativity, dedication, and the spirit of competition. Congratulations, and we all wish the Mighty Blue Machine the best of luck at Whitewater, Wisconsin this June.

These two pages mark the end of the section dedicated to sports at McDowell. The staff regrets that it could not furnish scores for each team, but this section of the Kadron was being produced during the energy crisis of early '97. Because all schools were ordered closed due to the shortage of natural gas, it was impossible to contact every coach to obtain his or her team's scores.

We hope this section has portrayed as accurately as possible sports at McDowell and those who took part in them. Athletes' jocks, their names are many, but so are their achievements. Only they who themselves participated in a sport know the tedious work necessary to produce a winning team. And even though a team could not produce a winning season, the fact cannot be ignored that its members practiced for countless hours, made many sacrifices, and dedicated much effort.

Special credit must also be given to those who make athletics possible: the coaches. They will be to some students the best remembered teachers, because in the years to come many people will remember the adventures on the fields, the courts, and the mats far more clearly than the experiences inside the classroom.

For some, the 1997-98 is just the beginning of another year at this school. But for others, it signifies the start of a time when McDowell can be no more than a memory. Another year of athletics at McDowell has come and gone. There have been many seasons before us, and there will be many more long after we are gone. Hopefully, some have appreciated the times of the past year, because 1997 will never come again.

Vo Tech Enrollment Increases

It seems like we're just getting used to all those new faces in gym class when they disappear and a new crew arrives. Two weeks later we are baffled again. What is this strange unexplainable phenomenon? It's Vo-Tech. It's a bunch of kids who wanted to look beyond what McDowell could offer and into many other exciting fields of study.

Contrary to popular belief, Vo-Tech people are just as normal as you and I. Sometimes it's pretty clear that they are even one up on those of us who go day in and day out to the same school. There has to be a bit of adventure in every one of those kids as they trek out to Oliver Road then back and forth to McDowell. How many of us had the courage or good sense to make that fateful decision way back in ninth or tenth grade?

The 1977 Kaldron Staff salutes all those students of Vo-Tech and recognizes you as the important members of McDowell that you are. We thank you for your varied points of view and for giving McDowell a chance to expand its horizons around you. Wishing you always good luck and hoping that your adventurous spirit will prevail.

1976-1977 Editors

The year 1976-1977 was very unusual and at times difficult. Our senior year was filled with strikes, three day weeks, sports events, the worst winter in years, parties, asking a late graduation, and many memories.

This year's Kaldron Staff worked many long hours trying to capture the diversity of all Mc Dowe students. We would like to sincerely thank Jim Sears and Dash Crofts who spent the time and effort to personally grant us the use of their song "We May Never Pass This Way Again". We would also like to thank our advisers Mr. and Mrs. William Wright who devoted their time, effort, and moral support.

We wish luck, success, but most of all happiness to all graduating seniors. We hope this yearbook will always hold a special meaning to everyone.

Sincerely,
Cheryl Molitoriss
Stephen Feagley

We've got spirit, what about you?

Mrs. Davis,

To a good G.A.C. leader. I enjoyed this club very much and will never forget the members of it. It was very rewarding and I will be in it again next year. Don't forget the things we did 'cause I know we won't. It was fun working with you. God Bless You + May Good Fortune come your way.

R.M.A.

Love,
Tina Naylor

Mrs. Davis,

Thanks for being head of G.A.C. It has been a lot of fun. Good luck with next year's club. We had a lot of good times

Love,

Michelle Pfister

Miss Davis,

To probably the best MAC.

~~open open~~ has ever had. ^{et hope} ~~another~~
you take over the club ~~next~~ year
and have less interruptions (teacher strike,
energy crisis, snowed in).

Always remember our MAC
dance, the roller skating parties, the
tobogganing party at Sallip, our
days at the gym (clap, clap alligator,
flutter, flutter, butterfly) and the
Mickey and Minnie pictures at
the carnival.

P.S. Good luck
and happiness
always.

Love
Shula
Cockburnham

P.S.S. See ya at the banquet.
